Thank you Bessie,

We are trying to move forward and we have a lot of new Council who would like to hear more about the health effects as well as a refresher for the villages that are effected. Have a great day!

Lionel,

I have copied Bruce on this e-mail. I am sure Bruce would be more than happy to travel back to Hopi to provide more presentations about arsenic. It would be a matter of when, where, and what specific topics you want him to present.

Bessie,

Good Morning! When we had our initial consultation meeting with EPA Enforcement last month, it came up that if it was possible to have Bruce Macler come back out and give some more presentations with the council and the effected villages. Any help you could provide on that would be appreciated.

Thank you!

Lionel
